

~~After one month of travelling in India and Nepal, seeing beautiful things and staying in really nice hotels, we arrived here. Unfortunately we could only stay here for two nights, which is way too short. If we had known before, we would have stayed much longer, simply enjoying the peace and quiet, the very warm and generous hosts, the beautiful horses, and the sweetest dog June. We've visited a lot of places around the world, and your resort is definitely one of the loveliest! Hopefully until next time!~~
